## Gentle Vision Shaping System (GVSS) Agreement

The global fee for the Gentle Vision Shaping System is \$1,500. An initial deposit of \$300 is due on day of fitting. \$400 is due at the week 1 evaluation, as well as the 1 month and 3 month evaluations. Other payment options are available, including CareCredit. Initial measurements for this program are included and valid for up to 30 days, after which time the data becomes outdated and another consultation will be needed (\$250). At year 2 and beyond, the fee is \$500 per year.

GVSS includes the following:

- Initial evaluation, fitting, consultation, and retainers
- ALL topography
- ALL visits required for your success with GVSS (typically 8-12 in the first year)
- One replacement pair within 1<sup>st</sup> year at no charge for a broken or lost retainer (\$175 per retainer after the first replacement)
- Annual comprehensive eye exam

After Year 1:

- Re-evaluation visits (Typically 2), and fitting (if required)
- New retainers
- Annual routine eye health examination

Guarantee:

- Risk free trial- you may return the retainers within one week of initial fitting for a full refund.
- If rare circumstances prevent you from continuing your treatment during the first 30 days of care, we will gladly refund all fees paid less \$500 for time and materials rendered.

Alternatives:

There are alternatives to GVSS, including traditional glasses, contact lenses, and refractive surgery, like LASIK.

I have read and understand the above.
